

**Clinical Internship Orientation for New Interns**

**A. ORIENTATION FOR CLINIC**

I have attended intern orientation and HIPAA / OSHA Training, and I understood the all the contents as well as OSHA requirements.

**[Basic requirements]**

- Number of patients to be treated after level I 200 hours: Over 350
- Clinical Internship Hours: Total 960 Hours (Level 1, 2, 3)
- CPR & First Aid: Should always be valid or updated.

**B. EDUCATION OF OSHA REQUIREMENTS**

During my internship, I will abide by the rules stated in the Clinic Handbook and OSHA requirements.

(Please check only one box)

I have had the hepatitis vaccination.

I will be vaccinated for hepatitis.

I have understood and been instructed the importance of hepatitis vaccination from the Intern Coordinator. I understand that I, myself, will make a proper decision about hepatitis vaccination and I will be solely responsible for any future incident regarding the hepatitis vaccination.

*And I agree with the contents of the document*
