

Searching for an Acupuncturist to join our Team - Please share

From: Visionary Healing Center

Do you know someone who is looking for a team to join? If so, read on for a description of our vision!

In our Atlanta practice we have an 8 week waitlist for new clients and our existing clients are waiting between 3-4 weeks for an appointment. From this robust place we would like to add a new part-time practitioner. We can refer our waitlist clients to the right person who would operate in our office space part-time. You would function as an independent practitioner within our space to handle our overflow. You pay for the use of space and determine and collect all your own fees. The practice room is furnished - all you need to do is walk-in and get settled. Visionary Healing is a well-respected, established practice. We are seeking a skilled team member who operates independently 2-5 days per week and is a good fit.

We would consider an Acupuncture student who needs an internship to work toward their licensure or a licensed Acupuncturist who would appreciate being mentored in our methods. We would be able to guide you through obtaining your license in Georgia.

About Us

Established in 2010, Visionary Healing Center offers Acupuncture, Esoteric Acupuncture, and energy healing as well as Meditation/Mindfulness Training, Reiki, Breath Work Coaching and Lifestyle Medicine. We seek to help people live healthier and pain-free lives through the reduction of mental, emotional and physical pain. The modalities of healing we use are chosen to stimulate the body's own amazing ability to repair itself. We work together as a team.

Our mission is to help heal our patients, our communities, and ourselves through the work we perform at our clinic and in our local community. Our goal is to treat each other and every patient with the respect and care they deserve. We believe our patients' care is of great importance, and we provide our patients with the best quality of care either through our services or by referring them to other health care professionals depending on their specific needs.

Responsibilities include:

- First-time evaluations
- Establishing treatment plans and collaborating with a team.
- Accurate record-keeping.
- Actively promote the clinic, treatments and/or promotions.
- Assist in marketing and some clinic operations.

We are looking for someone who is:

- Confident, empathetic and positive
- * Experienced or interested in energy healing
- Flexible with scheduling, supporting the needs of the clinic.
- Understands how to operate office equipment, computers, online scheduling, phones, etc.
- Excellent time management.

We encourage current students, recent grads and experienced practitioners to apply. We will help you get through the Georgia licensing process.

License and Insurance:

- Acupuncture License (Preferred), Other modalities as required
- Insurance Active

Work Location:

659 Auburn Ave. Studioplex Unit #141
Atlanta, GA

Compensation

You pay for the use of space and determine and collect all your own fees. The practice room is furnished - all you need to do is walk-in and get settled. Visionary Healing is a well-respected, established practice with a 6 week list for new clients. We want to choose the clients who are the best fit for the practitioner and refer others to a skilled team member who operates independently 2-5 days per week. We can guide and support the work of new practitioners who understand the benefit of mentorship and the value of a turn-key operation. Your cost for use of space would start at \$900 per month for 2 days a week.

What To Do

Interested People should email us after reviewing our website. Your Email should include a resume, a reference letter and an introduction letter so we can learn a little about you. After review, we will set-up a meeting by Zoom or in-person.
